

HEALING HEARTS. BUILDING HOPE.

## Family Camp

- Family Camp is a 2-day, 1-night camp for families with children ages 3 to 18
- This peer support camp in the fall is open to children 3+ and their families who have experienced the death of someone significant in their lives
- Participation is open to a wider range than solely Erin's House program families
- There is no cost to attend camp

Erin's House is very excited to present Family Camp as one of our offered services. Each year our theme will be "Under Construction," helping us rebuild our lives after our loved ones die. Family Camp allows children ages 3+ and their families a chance to have fun in the outdoors while allowing opportunities to share their grief with others. There are breakout activities based on age, just like at Erin's House, along with activities for just adults. We also provide activities for the entire family in order to assist you with rebuilding your lives and finding your family's "new normal".

Family Camp is a 2-day, 1-night camp for families with children ages 3 to 18. If you are a family who has additional children under the age of 3, please contact us to work out further details/arrangements.

We will have a required Family Camp meeting so that families can be introduced to their camp activities, groups, and camp facilitators.

Family Camp will be held at Epworth Forest Conference Center, approximately one hour north west of Fort Wayne. Family Camp applications will be distributed on program nights and will be available to fill out online in the fall.
